## Appendix:

This report contains data supplied by third party information suppliers, including Dun & Bradstreet (D&B). For the purposes of the following limitation on permissible use of D&B data, which includes each entity's DUNS Number and its associated business information, "D&B Open Data" is defined as the following data elements: Legal Business Name, Street Address, City Name, State/Province Name, Country Name, County Code, State/Province Code, State/Province Abbreviation, ZIP/Postal Code, Country Name and Country Code. Entity registration, exclusion, or contract award records in SAM may contain D&B-supplied data. Applicable records containing D&B data include all entity registration records with a last updated date earlier than 4/4/2022, all exclusions records with a created date earlier than 4/4/2022, and all base award notices with an award date earlier than 4/4/2022. These records show the Entity Validation Service (EVS) Source as D&B in outbound data streams.

D&B hereby grants you, the user, a license for a limited, non-exclusive right to use D&B Open Data within the limitations set forth herein. By using this website you agree that you shall not use D&B Open Data without giving written attribution to the source of such data (i.e., D&B) and shall not access, use or disseminate D&B Open Data in bulk, (i.e., in amounts sufficient for use as an original source or as a substitute for the product and/or service being licensed hereunder).

Except for data elements identified above as D&B Open Data, under no circumstances are you authorized to use any other D&B data for commercial, resale or marketing purposes (e.g., identifying, quantifying, segmenting and/or analyzing customers and prospective customers). Systematic access (electronic harvesting) or extraction of content from the website, including the use of "bots" or "spiders", is prohibited. Federal government entities are authorized to use the D&B data for purposes of acquisition as defined in FAR 2.101 and for the purpose of managing Federal awards, including sub-awards, or reporting Federal award information.

GSA assumes no liability for the use of the D&B data once it is downloaded or accessed. The D&B data is provided "as is" without warranty of any kind. The D&B data is the intellectual property of D&B. In no event will D&B or any third party information supplier be liable in any way with regard to the use of the D&B data. For more information about the scope of permissible use of D&B data licensed hereunder, please contact D&B at [datause\\_govt@dnb.com](mailto:datause_govt@dnb.com).

Competition values/label names may have changed. Please refer to the Data Dictionary for further details.

CLOD is an acronym for Competition Line of Demarcation. The official CLOD date is 10/31/2009. Pre CLOD is any action signed earlier than the CLOD date. Post CLOD is any action signed on or later than the CLOD date.

Report Drill Down capabilities include MACOM, SUBCOM and Functional Dimensions as selection criteria and are relevant to DOD data only.

SAM.gov is a dynamic database. Updates to contract data, including new contract actions, modifications, and corrections are made on a regular basis. Such updates could result in changes to contract data used to compile reports on actions for current and/or prior fiscal years. Accordingly, all reports need to be viewed with this in mind. It should also be noted that availability of DoD contract data is subject to a 90-day delay for non-DoD users.
